Education

National Diploma computer science

Federal college of animal health and
production technology
2019 - 2022

Software Tech Certified

NPOWER, Federal Republic Nigeria
Empowerment
2020 - 2021

SSCE certificate

God's Blessing College
2012 - 2018

JSCE certificate

AL-Iman High School
2007 - 2012

About Me

Experienced Frontend Developer adept at translating design into seamless, user-friendly web applications using HTML, CSS, JavaScript and React. Collaborative team player with a strong grasp of UI/UX principles and proficiency in frontend frameworks. Passionate about staying current with industry trends, I excel in optimizing website performance and problem-solving. Eager to leverage my skills to create engaging digital solutions that elevate brands and enhance user experiences.

Skills

- Frontend Development:** Proficient in developing visually appealing and user-centric web applications using HTML, CSS, JavaScript and React.
- Responsive Design:** Strong understanding of responsive design principles, ensuring seamless user experiences across various screen sizes and devices.
- Frontend Tooling:** Proficient in utilizing frontend tools such as Webpack, Babel, and npm to streamline development processes and optimize project performance.
- Problem-Solving:** Strong analytical skills and ability to troubleshoot and resolve complex frontend issues to ensure optimal website functionality.
- Collaboration:** Effective team player, experienced in collaborating with designers, backend developers, and cross-functional teams to deliver cohesive web solutions.

Work Experience

FRONTEND DEVELOPER

2021 - 2022

OYO TECH HUB | 2021 - 2022

- Contributed to cutting-edge projects at the tech hub, driving frontend excellence.
- Collaborated with multidisciplinary teams to design and implement responsive, user-centric interfaces.
- Utilized HTML, CSS, and JavaScript to create seamless interactions and enhance user experiences.
- Leveraged React framework to develop modular components, resulting in efficient and maintainable codebase.
- Actively participated in code reviews, fostering a culture of continuous improvement.

FRONTEND DEVELOPER & MENTOR

2019 - 2022

MOOR TECH COMMUNITY | 2019 - 2022

- Simultaneously served as a proactive frontend developer and dedicated mentor within the school's tech community.
- Led a diverse group of students in immersive web development workshops, imparting comprehensive knowledge of HTML, CSS, and JavaScript fundamentals.
- Skillfully guided mentees through the creation of their first web projects, fostering hands-on learning and skill acquisition. Demonstrated exceptional communication skills by breaking down complex concepts into digestible insights, fostering a supportive learning environment.
- Leveraged my frontend expertise to provide real-world insights and industry best practices, enabling students to embark on successful coding journeys.

- Participated in an intensive software development training program sponsored by the Federal Government of Nigeria.
- Acquired comprehensive knowledge of frontend technologies, including HTML, CSS, and JavaScript, through hands-on projects and guided learning.
- Developed a solid foundation in building interactive user interfaces and responsive designs.
- Leveraged this training to excel as a frontend developer, applying practical skills in real-world projects to create visually appealing and user-centric web applications.

Work Achievements

- Mentored and guided a group of aspiring developers within the school tech community, contributing to their successful completion of multiple web projects and fostering a growth-oriented learning atmosphere.
- Earned over \$200 while in school by developing the frontend of my classmates final year projects.
- Designed and developed a meeting minutes management system from scratch with lots of features like speech to text, authentication and lots more.
